Rhoss TEMA

Rhoss fan coil unit control app

Smart, simple and flexible control for every single room.
The Rhoss TEMA app optimises indoor comfort, lets you set up weekly schedules and helps reduce energy consumption through more informed management of the system.

Tax incentives*

Comfort in your hands, wherever you are!

Smart control via the app for all Rhoss fan coil units.

• Remote control

Manage and monitor every single fan coil unit remotely via the app, wherever you are, thanks to the internet connection.

• Weekly programming

Create and manage multiple calendars with daily and weekly schedules, selecting the profile that best suits your needs and preferred level of comfort each time.

• Customisable presets

Set different levels of room comfort using dedicated presets, which can be configured for each fan coil unit (Comfort Plus, Comfort, Eco, Night, Away).

• Multi-site management

Control the fan coil units in several homes or offices from a single app, easily and instantly.

• Users and access

Invite multiple users in the same property and assign different access levels (Owner, Member, Guest) for flexible and secure management.

• Notifications and alerts

Receive real-time notifications and alerts about any issues, ensuring constant monitoring and greater peace of mind.

The Rhoss TEMA app is simple to install and easy to configure.

All you need is:
• a Wi-Fi modem
• a fan coil fitted with a KONN Wi-Fi gateway
If Wi-Fi® and Bluetooth® are activated on your smartphone, the fan coil unit will be recognised automatically.

For all Rhoss fan coils:

The Rhoss TEMA app is simple to install and easy to configure.

All you need is:

• a Wi-Fi modem

• a fan coil fitted with a KONN Wi-Fi gateway

If Wi-Fi® and Bluetooth® are activated on your smartphone, the fan coil unit will be recognised automatically.

Supported countries:

all EU Member States, Switzerland, and the United Kingdom.

The system consists of the Wi Fi gateway and the related App, the Wi Fi gateway is intended to be used exclusively within the European Union, Switzerland and the United Kingdom. Rhoss S.p.A. does not guarantee that the Wi Fi gateway complies with the regulatory, technical or safety requirements in countries other than those indicated.
